

Prize Giving 2007

June is an exciting month of the year for the school as it is the time for Prize Giving. Many students have excelled in various aspects of school life throughout the school year, so the staff has a difficult task when giving prizes.

Most of the prizes are self explanatory, but the Primary school has different kinds of awards. The Book Prize awards the student's work, whereas the Golden Award is given to the student who has displayed consistent effort throughout the school year. Congratulations to those who received prizes!

School Prizes are awarded to:
